

4th International Conference on Sustainability Education (ICSE- 2022)

DAY 2: Parallel Session

September 10, 2022 (Saturday); Time 11:30-13:00 hrs (GMT +5:30)

on

Celebrations of Net Zero Carbon & Impact Journey: GCP Schools ki Zubaani

Venue: SCOPE Convention Centre, Auditorium

Background

The session, “Celebrations of Impact Journey,” aims at putting the spotlights on the impact journey of the Green Campus Program schools that have transformed their conventional campuses into sustainable ones. Green Campus Program (GCP) is one of the flagship programs of The Climate Reality Project – India & South Asia, which is spearheading educational institutes on the path of greener future. The session will begin with a short panel discussion wherein the speakers will be invited from GCP schools who have been a part of the positive transformations taking place in the campuses.

The roadmap to sustainability necessitates proactive and effective involvement of the future generations; hence, inculcating the values and education that make them planet-sensible is imperative. GCP has brought-in change in this sphere in lengths and breadths. During the session, the panellists will share their journey with the audiences about how with the help of this program they have amplified their organizational goals and how they engage the students, teachers, local communities, parents, and various other stakeholders, holistically, to create sustainable impacts on the society and the lives of the future generations bringing in behavioural and attitudinal changes. In a nutshell, it will imply on the journey of making a difference.

The panel discussion will be followed by GCP Award ceremony, wherein 21 GCP certified schools will be awarded with the certificates and trophies. This 90-minute session will be curated by The Climate Reality Project – India & South Asia. Below is a tentative agenda of the session.

Objectives

Inclusion of exclusive session of The Climate Reality Project – India & South Asia in 4th International Conference on Sustainability Education 2022

Outcomes

The session aims at focusing on the impact journey of the Green Campus Program (a flagship program of The Climate Reality Project – India & South Asia) certified schools as they share their journey of how they have transformed their conventional campuses into

sustainable ones. They will also highlight their behavioural and attitudinal change that they have been able to bring in, along with positive impacts on the society.
